WHAT IS AI5?

AI5 or ASEAN Industry 5.0 Basecamp, is an intensive, weeklong summer school introducing outstanding undergraduates from across ASEAN to the realities of entrepreneurship, venture creation and the design thinking process.

Organised by NUS College (NUSC), AI5 places people at the centre of industrial progress, bringing together technological innovation, human creativity and collaboration to create economic value while advancing societal wellbeing, environmental sustainability and worker welfare.

Participants will attend seminars taught by NUS College and Business School professors, go on site tours and engage in fireside chats with experts and local entrepreneurs who are driving innovation with human-centric AI, collaborative robotics, IoT (Internet of Things) and analytics to forge sustainable and resilient enterprises.

AI5 welcomes 100 participants from all over ASEAN. By connecting entrepreneurial frameworks with the unique economic, cultural and institutional landscape of ASEAN, students will develop the confidence and practical judgement to identify opportunities and contribute to the region's future as entrepreneurs, innovators and changemakers.

CAN I SIGN UP FOR AI5 AS A STANDALONE PROGRAMME?

No, all AI5 participants must attend the AUS (4 – 17 July 2027) and be nominated by their home university to be eligible.
